

Dr Louise Morauta, Chair
Practitioner Regulation Subcommittee
Health Workforce Principal Committee
Australian Health Ministers' Advisory Council

Dear Dr Morauta

I am writing to make a recommendation from this teaching facility.

We believe that for

7.4 Student registration

We consider the best option with respect to the registration and regulation of students under the legislation should be:

Proposal 7.4.1:

...that the legislative provisions empower boards to deal with students whose ability to undertake clinical training is affected by physical or mental impairment, drug or alcohol dependency.

and

Option 3: The legislation include powers for all boards to register and regulate students, and student registration be mandatory for students in all regulated professions, at the point of enrolment and for the duration of their course.

Sincerely

CB Del Mar
